Will

The estate of Andrew Carnegie estimated at \$30,000,000 will be administered by a Trust Company. Mr. Carnegie nominated a Trust Company as Executor and Trustee under his Will.

The Will in part recites: "It is my wish not to die intestate as to any part of my estate" (not to die without leaving a Will). Mr. Carnegie was very anxious that all his property be handled by his Executor and that no part of it be left to he disposed of under the Statutes of the various States in which his property might be situated.

Your estate, no matter what the size, should be placed in competent hands and this can be done by naming the Exchange Trust Company as Executor in your Will.

When should you give this important matter your attention? NOW, Our officers are always available.

We also have Edwin Clapp shoes, that are equal to any shoes made, yet the most expensive shoe we have is but \$16, others are \$15. When the buying power of a dollar is but 40 cents, as it is now, shoes at \$16 are lower in price than they were two years ago when you paid \$8 to \$10,
